- 3.3 The Contractor shall ensure that timings are strictly adhered to and shall whenever necessary, deploy alternate ambulance to ensure uninterrupted service in the case of break down or repairs are to be carried out on regular ambulance.

4. Reckonable Kilometers:

- 4.1 The reading on the odometer of the ambulance at the time & place of reporting in the morning shall be considered as the opening reading (kilometers) for the concerned day. The closing reading (kilometers) for any day shall be the one appearing on the ambulance's odometer at the time & releasing of duty when its service is completed for that particular day. These opening and closing readings of any given day shall be noted and considered to calculate the run for the day. Any unauthorized mileage on account of Contractor's requirement such as repairs, etc. shall be deducted.
- 4.2 The contractor shall ensure that all meters and devices of the ambulance (particularly the odometer) are in working condition. In case of failure of the odometer, necessary corrective action should be taken immediately, failing which the km. certified by the company officer using the ambulance shall be deemed final and binding on the contractor. The company in this regard shall not entertain any further claim. In case any meter tampering is noticed for increase of meter reading intentionally then extra readings will be recovered proportionately w.r.t standard checking.
- 4.3 The contractor at his own cost shall print and maintain a log book as per RFCL Standard each ambulance. The opening and closing reading of the odometer shall be recorded in the log book on daily basis and shall get the signature of the authorized representatives of the company for each trip performed against relevant entry.
